EDUCATION

KIET Group of Institutions(B.tech), Ghaziabad, 2022-present
Affl. Dr. A.P.J. Abdul Kalam Technical University ,UP *CGPA-7.6*

DLF public school(CBSE), Ghaziabad 2021-2022
Senior Secondary Education *Percentage - 95.0*

DLF public school(CBSE), Ghaziabad 2019-2020
Secondary Education *Percentage - 94.0*

PROJECTS

PetsHub | *HTML,CSS JavaScript, Angular,Node.js* Oct2024 - present
- Simplify Pet Care: Provide a centralized hub for managing all essential pet services.
- Enhance Pet Health: Ensure timely vaccination and health checkups to maintain pet wellness
- Educate Pet Owners: Offer personalized suggestions for responsible pet care based on pet type and age.

data analytics website | *HTML, CSS ,JavaScript,Django,Python* May2024 - June2024
- This data analytics app provides powerful insights and visualizations to help businesses make informed decisions. It offers a comprehensive suite of tools for ingesting, processing, and analyzing data from various sources.
- Many individuals and small businesses struggle to analyze their data due to a lack of technical skills or access to complex software. Existing tools are often difficult to use or require installation.

  To solve this, we propose a web-based data analytics platform where users can upload datasets (like CSV files), get automatic data summaries, and visualize insights through interactive charts — all within a clean and user-friendly interface, without writing any code.

EXPERIENCE

Business Development Intern May 2025 – June 2025
AT production Pvt. Ltd. *Remote /Noida extension*

- Generated leads through online/offline channels, scheduled meetings via outbound calls, conducted virtual/in-person client meetings, explained services and offers, addressed objections, presented solutions persuasively, negotiated terms, closed deals effectively, and maintained detailed communication records in CRM to ensure smooth sales conversions and long-term client engagement.

CERTIFICATIONS

Advance Your Skills In HTML LinkedIn Learning

- Responsive Web Design
- Developed a solid understanding of the interaction between HTML and JavaScript, mastering the Document Object Model (DOM) for dynamic content manipulation

Programming Foundations : Object-Oriented Design LinkedIn Learning

- Dived into polymorphism, understanding how objects of different classes can be treated as objects of a common base class, facilitating flexibility and extensibility in code.

SKILLS

Programming Languages: Python,Java, HTML, CSS, SQL

Tools & Frameworks: Vscode,juypter notebook,pycharm,powerbi

Coursework:: Data Structures and Algorithms, Object Oriented Programming, Data Base Management System

Interests: Web Development, Problem Solving, Data analytics

Soft Skills: Critical thinking, Analytical skills, Punctual, Optimistic and Self-motivated
